

# STREETSCAPE

## CASE STUDY

Project:  
**Downpatrick Public  
Realm Scheme**

Main Contractor:  
**TAL Construction**

Area:  
**6000 sq.m.**

Products used:  
**Streetscape FBC**  
**Streetscape PS**  
**Streetscape FJM Eco**

The Downpatrick Public Realm Scheme has delivered significant physical improvements to the town, such as new granite paving, lighting and street furniture.

This is a particularly exciting streetscape project, where the designers were looking to produce an intricate and highly decorative refurbishment of Millennium square in front of the Saint Patrick Visitor Centre below Down Cathedral.

The BS7533 compliant Larsen Streetscape range was being supplied to the scheme as Streetscape FBC in our own site silos, Streetscape PS and Streetscape FJM Eco containing 20% recycled glass.
