

FLOORING

CASE STUDY

Project:
**Ferrybank Shopping Centre
Waterford**

Main Contractor:
John Paul Construction

Flooring Contractor:
Larsen Contracts Ltd

Products used:
**SLC 1500 Commercial
Dry4 Screed**

Larsen Professional SLC 1500 Commercial, a self-levelling floor screed, was selected as the fast-track pump application product for the Ferrybank Shopping Centre in Waterford. This was due to its ability to apply up to 25mm in one pour and its fast drying properties, which enabled follow-on-trades to walk over the floor 2 hours after application.

To create ramps and falls, the fast drying Larsen Dry4 Screed was used up to 75mm thickness, which was subsequently covered after 4 days.
