

# STREETSCAPE

## CASE STUDY

Project:  
**Harris Girls Academy  
East Dulwich**

Main Contractor:  
**JP Dunn Construction Ltd**

Products used:  
**Streetscape FJM**

Harris Girls Academy had a requirement for a hard wearing paving scheme in the courtyard of the school's new Harris Wing, opening in 2011.

The courtyard was to enable the delivery from HGVs for the school's cutting edge Biomass generator. The contractor chose the Larsen Streetscape products to give the tough, hard wearing surface required.

The Harris Wing was opened in January 2011 by Lord Adonis.
