PS – BS 7533 compliant  
priming slurry.  
FJM – BS 7533 compliant  
flowable jointing mortar.  
Larsen EM Epoxy Mortar**

Larsen Building Products are very proud to be involved as a supplier of paving mortar to the prestigious £2m Leicester Cathedral Gardens public realm scheme. The discovery of Richard III's remains in a nearby car park has heightened visitor interest and public awareness of these historic buildings and gardens.

Works to the Cathedral area involved use of high quality Porphyry & Granite paving.

Larsen's BS 7533 compliant paving mortar system was chosen to bed, prime & grout all natural stone paving around the Cathedral.

Independently tested by a UKAS accredited laboratory for compressive, flexural, adhesive and shrinkage performance characteristics, Larsen's paving mortar system instills confidence & provides long term durability.
