

# ADMIXTURES

## CASE STUDY

Project:  
**Private Swimming Pool  
Kilkeel**

Main Contractor:  
**William Cunningham & Son**

Site Manager:  
**Lawrence Sawey**

Concrete Supplier:  
**CES Quarry Products**

Area:  
**13 cu.m.**

Products used:  
**Pudlo**

Architect Glyn Mitchell incorporated a private swimming pool into the design of his new home.

The pool was to be below ground level so the area was excavated as required.

CES Quarry Products needed to produce walls and a floor for the pool that could withstand the effects of continual water contact. They decided to add Larsen's Pudlo CWP to their concrete.

The Pudlo water-tight system was used to seal the joints between the walls, and between the floor and the walls.

The rectangular pool was tiled after the concrete cured.
