SHELF LIFE	Minimum 24 months stored in good conditions

APPLICATION INFORMATION

DILUTION	Light Cleaning – Dilute 1:20 Routine Cleaning – Dilute 1:5 to 1:10 Heavy Cleaning – Dilute 1:1 to 1:5
COVERAGE	1L diluted solution will treat up to 200 sq m

DIRECTIONS FOR USE

PREPARATION

Test suitability on a small inconspicuous area.

Brush clean or mechanically remove any large buildups of material prior to application.

Then thoroughly dampen the surface.

APPLICATION

Dilute with water as follows:

- Light Cleaning Dilute 1:20
- Routine Cleaning Dilute 1:5 to 1:10
- Heavy Cleaning Dilute 1:1 to 1:5

Apply liberally by brush, spray or watering can.

Pour diluted product onto decking or paving.

Scrub the surface with a stiff brush and leave for approx. 30min- 1hour.

Thoroughly rinse the area working from one end in a continuous motion.

For best results wash down thoroughly with a pressure washer. Alternatively, scrub with a stiff brush then hose down.

RESTRICTIONS

On sensitive surfaces, always treat a trial area first.

Never mix with any other chemicals or cleaning products. Ensure the area treated is thoroughly rinsed with clean water after treatment. Surfaces may become slippery during cleaning. Dispose of empty container and cleaning chemicals responsibly.

The information and recommendations above are given in good faith based on our current knowledge and experience of the products when properly stored, handled, and applied in accordance with current best practice, national standards, and our recommendations. As we have no control over site conditions or methods of application, no liability can be derived from the contents of this information sheet, or from any written recommendations, or from any other advice offered. The user of the product is solely responsible for the product's suitability for the intended application and is recommended to test the suitability prior to use.
