## TECHNICAL DATA SHEET

#### **TECHNICAL DATA SHEET**

#### **PRODUCT INFORMATION**

FORM	Clear Liquid		
DENSITY	-	1.0 SG	
DILUTION D		Dilute 1L with 4L clean water	
COVERAGE s		1L of concentrate makes 5L of diluted solution which will cover 25-90m2 depending on method of application	
APPROVAL	pestici	This product is approved under the control of pesticides regulations for use as directed. H.S.E. number: 6606   P.C.S. number: 102235	
HAZARD INFORMATION		Concentrated Liquid is Corrosive Diluted liquid is Irritant	
PACKAGING		1L, 2.5L and 5L packs	
STORAGE CONDITIONS		Store in sealed containers in dry conditions, protected from extremes of temperature	
SHELF LIFE		12 months in unopened manufacturer's packaging	

#### **DIRECTIONS FOR USE**

#### **PREPARATION**

Brush or hose clean any heavy build up of material prior to application. It is advisable to treat a trial area first prior to application. For best results, apply onto a dry substrate.

#### **APPLICATION**

Dilute 1 part Algae Remover with 4 parts water. Apply liberally by brush, spray or watering can. Product does not require washing off. If the surface is to be washed again after use, leave product on the surface for a minimum of 1 hour before washing. Areas become typically become clean after 24-48 hours. Areas of heavy contamination may require a second treatment.

#### **RESTRICTIONS**

Always take care when spraying and wear suitable protective equipment and take adequate precautions with regard to any overspray. Always test an inconspicuous area to ensure compatibility with substrate. Only the 1litre pack size is approved for amateur use.

The information and recommendations above are given in good faith based on our current knowledge and experience of the products when properly stored, handled, and applied in accordance with current best practice, national standards, and our recommendations. As we have no control over site conditions or methods of application, no liability can be derived from the contents of this information sheet, or from any written recommendations, or from any other advice offered. The user of the product is solely responsible for the product's suitability for the intended application and is recommended to test the suitability prior to use. We reserve the right to change the properties of our products without notice. All orders are sold subject to our current terms of sale and delivery. With the publication of this Technical Information Sheet all previous editions are no longer valid.

### TECHNICAL DATA SHEET

#### **DIRECTIONS FOR USE CONTINUED**

## STATUTORY INFORMATION FOR USE ONLY BY PROFESSIONAL OPERATORS

The (COSHH) Control of Substances Hazardous to Health Regulations 2002 may apply to the use of this product at work.

Engineering control of operator exposure must be used where reasonably practicable in addition to the following items of personal protective equipment. Wear suitable protective clothing, suitable gloves and eye/face protection.

#### AVOID EXCESS CONTAMINATION OF COVERALLS AND LAUNDER REGULARLY.

Do not breathe spray. Otherwise wear respiratory protective equipment. However, engineering controls may replace personal protective equipment if a COSHH assessment shows they provide an equal or higher standard of protection.

DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES.

This material and its container must be disposed of in a safe way. When using, do not eat or smoke. Take off immediately all contaminated clothing. AFTER CONTACT WITH SKIN, WASH IMMEDIATELY with plenty of water and seek medical advice immediately. Wear suitable eye/face protection (when diluting). Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

UNPROTECTED PERSONS AND ANIMALS SHOULD BE KEPT AWAY FROM TREATED AREAS FOR 48 HOURS OR UNTIL THE SURFACES ARE DRY. COVER ALL WATER STORAGE TANKS before application. DO NOT USE NEAR DRAINS, PREVENT ANY SURFACE RUN-OFF FROM ENTERING DRAINS. REMOVE OR COVER ALL FISH TANKS AND BOWLS before application. This product contains substances which are known to be hazardous to the environment. Do not contaminate ground, waterbodies or watercourses with chemicals or used container.
